Saturday July 18, 2015

Are you ready to embrace the life you have been born to live? Is it your time to listen, learn and discover more about your unique purpose? If YOU SAY YES! Join us for the Dance of Archetypes workshop for an inner travel adventure to reveal more about your destiny!

In this workshop you will:

- **Take a Dance of Archetypes Master Class with Gail**
- **Meet the Archetypes of Nia: Healers, Students/Teachers, Athletes, and Artists**
- **Be introduced to the power of the eighth chakra, your Sacred Contract and tap into the deeper calling of Archetypes in your life and business**

Deepening your knowledge of archetypes will help you understand your life story and enhance your Nia practice. Imagine what you would do if you knew more about the life challenges and gifts of your Inner Healer, Athlete, Artist, Student and Teacher. How could you engage these strengths to enjoy your life? This workshop is open to everyone. No prior Nia experience is necessary. Gail is a Nia faculty member and Caroline Myss certified Archetypal Consultant.
