

## MEMORANDUM

Date: June 26, 2013

**TO:** Town Commission

**FROM:** Dave Bullock, Town Manager  
Maggie Mooney-Portale, Town Attorney

**SUBJECT:** Consideration of Revised Easement Agreement Regarding Seawall Construction and Maintenance on Town's Right-of-Way Adjacent to 6600 Bayou Hammock Road

---

On June 17, 2013, the Town Commission considered whether to enter into an Easement Agreement with Michael and Michelle Morris ("Morris"). The Morris' are new owners of a property on Bayou Hammock Road that is adjacent to the Town's right-of-way for Jackson Way. The property has included a residence for many years along with a seawall and dock. Part of the seawall extended across the Town's Jackson Way right-of-way fronting on the bay for many years as well. The new owners obtained a permit to replace the deteriorated seawall, but did not clearly indicate on the application that a portion of the seawall included the Town's right-of-way. The Town became aware of the Morris' contractor's construction activities replacing the seawall after construction commenced and the new seawall was substantially completed.

Following discussions with the Morris' attorney, a non-exclusive easement agreement was prepared that provided the Morris' with ingress and egress to a portion of the Town's right-of-way and (a) acknowledged of the Town's ownership interest in the right-of-way, (b) granted the Morris' permission to construct the replacement seawall on the Town's right-of-way, (c) placed responsibility for maintaining, repairing and replacing the portion of the seawall extending onto the Town's right-of-way on the Morris', and (d) provided for an indemnification from the Morris' in favor of the Town for any issues associated with the seawall. The Morris' secured the obligation to enter into an easement agreement with the Town by placing in escrow \$10,000 with the Town Attorney.

On June 17, 2013, the Town Commission considered the initial easement agreement and expressed concerns relating to: the perpetual nature of the rights conferred to the Morris' within the easement and the lack of a termination provision in the agreement. At the meeting, the Town Commission directed the Town Attorney to negotiate with the Morris' counsel a termination provision that addressed the Town Commission's concerns. The Town Attorney consulted with the Morris' counsel and a revised version of the easement agreement that includes a termination provision and strikes all references to "perpetual" rights. A copy of the revised easement agreement with and without tracked changes is provided for consideration by the Town Commission.

Additionally, Morris' counsel has advised that his clients' are not interested in expanding their property interests onto the Town's right-of-way. He has indicated it is the Morris' preference to enter into an Acknowledgment (in lieu of an easement) that acknowledges the Town's ownership interest in the Jackson Way right-of-way and the section of the seawall located on the right-of-way, inclusive of any improvements recently made to such seawall by the Morris'.

After considering this revised easement agreement, the Town Commission has the option to choose to: (1) accept and agree to the revised Easement Agreement as presented; (2) further modify the terms of the revised Easement Agreement; or (3) elect to take no further action relating to Easement Agreement and instead accept an Acknowledgement from the Morris' that that portion of the seawall on Jackson Way (the Town's right-of-way) is property of the Town and that any improvements made to such seawall by the Morris' is the property of the Town.
