# MEMORANDUM

Date: February, 6, 2014

**TO:** Town Commission  
**FROM:** Alaina Ray, Planning Director  
**SUBJECT:** Ordinance 2014-10, Amending the FY 2013-2014 Building Fund Budget to use Fund Balance for Expenses related to The Colony and other Professional Services

---

I am requesting an appropriation from the Building Fund unappropriated fund balance in the amount of \$296,000. The audited ending fund balance for fiscal year ended September 30, 2013 is \$899,407, leaving a remaining fund balance of \$603,407.

We have determined that the following expenses are estimated to be incurred for fiscal year 2013-2014 related to The Colony code enforcement proceedings:

Legal Services	\$75,000
Wind Debris Experts	30,000
Structural Engineer	34,000
Notification and Advertising	20,000
Recording of Meetings	5,000
Venue for hearings	<u>6,000</u>
	\$170,000

Rather than burdening the General Fund with the costs associated with building code enforcement related to The Colony, this request would provide for those costs through the Building Fund. These expenses are qualifying expenses under Florida Statutes §§ 166.222 and 553.80, for enforcement of the Florida Building Code.

In addition, I am requesting \$126,000 for other professional services for contract building inspection services and staff training to secure additional licenses for staff. Several large commercial projects are moving into the building permitting phase, including: the Hilton expansion and renovation, the development of the Aria, and Infinity Condominiums. The Town does not currently have the in-house staff to accommodate the significant increase in commercial property inspections that will be required for these projects. By issuing a Request for Proposals to secure contract building inspection services, we can ensure inspections are performed in a timely and proficient manner for these large-scale projects, without incurring additional ongoing salary and benefit expenses. Further, by increasing the level of professional cross-licensing held by Staff, inspections for single-family homes and other residential permits will not be delayed when individual inspectors are unavailable due to illness, vacation, or other causes.

Ordinance 2014-10 amends the FY 2013-2014 Building Fund Budget to provide for an appropriation from fund balance.
