

Florida Department of Transportation

State Road 789/Coon Key Bridge

Bridge Deck Replacement Project

The Florida Department of Transportation along with its contractor, Manhattan Road and Bridge, will replace portions of the westbound bridge deck on State Road 789/Coon Key Bridge. During construction, the westbound bridge will be reduced to one lane while crews are working and the sidewalk closed to pedestrians and bicyclists. The eastbound lanes will remain open as will the sidewalk along the eastbound lanes.

The \$704,300 project begins Monday, April 4 with expected completion in summer 2016.

For additional information about the project, please call:

**Lauren Hatchell, Public Information
Officer 941-359-7359**
