WEST COAST INLAND NAVIGATION DISTRICT, hereinafter referred to as “WCIND,” and Sarasota County, hereinafter referred to as the COUNTY, in pursuance of a waterway development project approved under the WCIND Waterway Development Program, hereby agree to the following terms and conditions:

1. This Agreement shall be performed in accordance with Chapter 374.976, Florida Statutes, and Rule 66A-2, Florida Administrative Code, WCIND Waterway Development Program rules and regulations, adopted by WCIND on November 11, 1990.

2. The COUNTY agrees to implement the waterway development project known as Town of Longboat Key – Police Marine Unit (FY16/17), WCIND Project No. S-329, in accordance with the following project elements:

Marine patrol public service on Sarasota area waters, along with associated equipment.

3. The COUNTY agrees to begin the project within six (6) months after the approval date of this Agreement and shall complete the project on or before 365 days after the approval date. If the project is not completed within this time, WCIND shall withhold further payment and deny any further request for project approvals until the project has been completed.

4. WCIND agrees to obligate and make available to the COUNTY the approved project amount of \$70,000.00 to be used for the project authorized by this Agreement. The funds will be released by WCIND either in installments or after completion of the project. WCIND and COUNTY understand and agree that there will be no reimbursement of funds by WCIND for any expenditure made prior to the execution of the Agreement.

5. Eligible and ineligible costs are established in Rule 66A-2.005, F.A.C., WCIND Waterway Development Program, adopted by WCIND on November 11, 1990.

6. The COUNTY shall retain all records supporting project costs for three (3) years after the end of the fiscal year in which the final program payment was released by WCIND, or until final resolution of any litigation, claim, or audit that started prior to the expiration of the three-year record retention period.

7. WCIND reserves the right to inspect the project as well as the right to audit any and all financial records pertaining to the project at any reasonable time. This Agreement can be unilaterally canceled by WCIND should the COUNTY refuse to allow public access to all documents, papers, letters or other material made or received in conjunction with the Agreement pursuant to the provisions of Chapter 119, Florida Statutes.

8. If it becomes necessary for WCIND to demand a refund of any or all funds tendered pursuant to this Agreement, the COUNTY agrees to return said funds to WCIND within sixty (60) days, with interest from date of receipt through date of return of the funds at the same rate which would have been paid during said period for the funds if they have been invested in the State of Florida Administration Pool. If not returned within sixty days, the COUNTY understands and agrees that any further COUNTY requests for funding as to this or any other project under WCIND administration shall be denied until the funds have been returned.

9. Following receipt of an audit report identifying any reimbursement due WCIND, the COUNTY will be allowed a maximum of sixty (60) days to submit additional documentation to offset the amount identified, or to return the amount due.

10. In the event the COUNTY elects to implement a user fee system for any public facilities funded in whole or in part by WCIND funds under the WCIND Waterway Development program, the COUNTY agrees to impose such fees uniformly among the users regardless of race, sex, age, religion or the political jurisdiction in which the user may reside.

11. Each party hereto agrees that it shall be solely responsible for the wrongful acts of its employees, contractors, and agents. However, nothing contained herein shall constitute a waiver by either party of its sovereign immunity and the limitations set forth in Section 768.28, Florida Statutes.

12. Justin McBride, WCIND Executive Director or his successor, is hereby designated as WCIND's Project Manager for the purpose of this Agreement and shall be responsible for insuring performance of its terms and conditions and shall approve all reimbursement requests prior to payment. Approval Date September 16, 2016 (WCIND Board)

WEST COAST INLAND NAVIGATION DISTRICT, hereinafter referred to as “WCIND,” and Sarasota County, hereinafter referred to as the COUNTY, in pursuance of a waterway development project approved under the WCIND Waterway Development Program, hereby agree to the following terms and conditions:

1. This Agreement shall be performed in accordance with Chapter 374.976, Florida Statutes, and Rule 66A-2, Florida Administrative Code, WCIND Waterway Development Program rules and regulations, adopted by WCIND on November 11, 1990.

2. The COUNTY agrees to implement the waterway development project known as Town of Longboat Key – Derelict Vessel Removal (FY16/17), WCIND Project No. S-321, in accordance with the following project elements:

Removal of sunk, wrecked, derelict vessels from the ICW and local waters.

3. The COUNTY agrees to begin the project within six (6) months after the approval date of this Agreement and shall complete the project on or before 365 days after the approval date. If the project is not completed within this time, WCIND shall withhold further payment and deny any further request for project approvals until the project has been completed.

4. WCIND agrees to obligate and make available to the COUNTY the approved project amount of \$10,000.00 to be used for the project authorized by this Agreement. The funds will be

released by WCIND either in installments or after completion of the project. WCIND and COUNTY understand and agree that there will be no reimbursement of funds by WCIND for any expenditure made prior to the execution of the Agreement.

5. Eligible and ineligible costs are established in Rule 66A-2.005, F.A.C., WCIND Waterway Development Program, adopted by WCIND on November 11, 1990.

6. The COUNTY shall retain all records supporting project costs for three (3) years after the end of the fiscal year in which the final program payment was released by WCIND, or until final resolution of any litigation, claim, or audit that started prior to the expiration of the three-year record retention period.

7. WCIND reserves the right to inspect the project as well as the right to audit any and all financial records pertaining to the project at any reasonable time. This Agreement can be unilaterally canceled by WCIND should the COUNTY refuse to allow public access to all documents, papers, letters or other material made or received in conjunction with the Agreement pursuant to the provisions of Chapter 119, Florida Statutes.

8. If it becomes necessary for WCIND to demand a refund of any or all funds tendered pursuant to this Agreement, the COUNTY agrees to return said funds to WCIND within sixty (60) days, with interest from date of receipt through date of return of the funds at the same rate which would have been paid during said period for the funds if they have been invested in the State of Florida Administration Pool. If not returned within sixty days, the COUNTY understands and agrees that any further COUNTY requests for funding as to this or any other project under WCIND administration shall be denied until the funds have been returned.

9. Following receipt of an audit report identifying any reimbursement due WCIND, the COUNTY will be allowed a maximum of sixty (60) days to submit additional documentation to offset the amount identified, or to return the amount due.

10. In the event the COUNTY elects to implement a user fee system for any public facilities funded in whole or in part by WCIND funds under the WCIND Waterway Development program, the COUNTY agrees to impose such fees uniformly among the users regardless of race, sex, age, religion or the political jurisdiction in which the user may reside.

11. Each party hereto agrees that it shall be solely responsible for the wrongful acts of its employees, contractors, and agents. However, nothing contained herein shall constitute a waiver by either party of its sovereign immunity and the limitations set forth in Section 768.28, Florida Statutes.

12. Justin McBride, WCIND Executive Director or his successor, is hereby designated as WCIND's Project Manager for the purpose of this Agreement and shall be responsible for insuring performance of its terms and conditions and shall approve all reimbursement requests prior to payment. The COUNTY shall appoint a Liaison Agent, whose name and title shall be submitted to WCIND upon execution of the agreement, to act on behalf of the COUNTY relative to the provisions of the Agreement. WEST COAST INLAND NAVIGATION DISTRICT
WCIND WATERWAY DEVELOPMENT PROGRAM
PROJECT AGREEMENT

Project No. S-320 (Town of Longboat Key – Bayfront Park Living Shoreline) (FY16/17)
Approval Date September 16, 2016 (WCIND Board)

WEST COAST INLAND NAVIGATION DISTRICT, hereinafter referred to as “WCIND,” and Sarasota County, hereinafter referred to as the COUNTY, in pursuance of a waterway development project approved under the WCIND Waterway Development Program, hereby agree to the following terms and conditions:

1. This Agreement shall be performed in accordance with Chapter 374.976, Florida Statutes, and Rule 66A-2, Florida Administrative Code, WCIND Waterway Development Program rules and regulations, adopted by WCIND on November 11, 1990.

2. The COUNTY agrees to implement the waterway development project known as Town of Longboat Key – Bayfront Park Living Shoreline (FY16/17), WCIND Project No. S-320, in accordance with the following project elements:

Create a "living shoreline" educational walkway with bay access for boating and kayak opportunities along portions of the seawall. The project will include parking, pedestrian access, boardwalks and a bridge/walkway over the canal along the mangrove fringe. Parking and kayak access ramp, kayak launch and storage, fishing piers, restrooms and picnic areas along the bay front. Handicap access for kayaks will also be included.

3. The COUNTY agrees to begin the project within six (6) months after the approval date of this Agreement and shall complete the project on or before 365 days after the approval date. If the project is not completed within this time, WCIND shall withhold further payment and deny any further request for project approvals until the project has been completed.

4. WCIND agrees to obligate and make available to the COUNTY the approved project amount of \$396,839 to be used for the project authorized by this Agreement. The funds will be released by WCIND either in installments or after completion of the project. WCIND and COUNTY understand and agree that there will be no reimbursement of funds by WCIND for any expenditure made prior to the execution of the Agreement.

5. Eligible and ineligible costs are established in Rule 66A-2.005, F.A.C., WCIND Waterway Development Program, adopted by WCIND on November 11, 1990.

6. The COUNTY shall retain all records supporting project costs for three (3) years after the end of the fiscal year in which the final program payment was released by WCIND, or until final resolution of any litigation, claim, or audit that started prior to the expiration of the three-year record retention period.

7. WCIND reserves the right to inspect the project as well as the right to audit any and all financial records pertaining to the project at any reasonable time. This Agreement can be unilaterally canceled by WCIND should the COUNTY refuse to allow public access to all documents, papers, letters or other material made or received in conjunction with the Agreement pursuant to the provisions of Chapter 119, Florida Statutes.

8. If it becomes necessary for WCIND to demand a refund of any or all funds tendered pursuant to this Agreement, the COUNTY agrees to return said funds to WCIND within sixty (60) days, with interest from date of receipt through date of return of the funds at the same rate which would have been paid during said period for the funds if they have been invested in the State of Florida Administration Pool. If not returned within sixty days, the COUNTY understands and agrees that any further COUNTY requests for funding as to this or any other project under WCIND administration shall be denied until the funds have been returned.

9. Following receipt of an audit report identifying any reimbursement due WCIND, the COUNTY will be allowed a maximum of sixty (60) days to submit additional documentation to offset the amount identified, or to return the amount due.

10. In the event the COUNTY elects to implement a user fee system for any public facilities funded in whole or in part by WCIND funds under the WCIND Waterway Development program, the COUNTY agrees to impose such fees uniformly among the users regardless of race, sex, age, religion or the political jurisdiction in which the user may reside.

11. Each party hereto agrees that it shall be solely responsible for the wrongful acts of its employees, contractors, and agents. However, nothing contained herein shall constitute a waiver by either party of its sovereign immunity and the limitations set forth in Section 768.28, Florida Statutes.

12. Justin McBride, WCIND Executive Director or his successor, is hereby designated as WCIND's Project Manager for the purpose of this Agreement and shall be responsible for insuring performance of its terms and conditions and shall approve all reimbursement requests prior to payment. The COUNTY shall appoint a Liaison Agent, whose name and title shall be submitted to WCIND upon execution of the agreement, to act on behalf of the COUNTY relative to the provisions of the Agreement. The COUNTY Liaison Agent shall submit signed project status reports to WCIND on a quarterly basis (due on December 31, March 31, June 30, and September 30) summarizing the work accomplished, problems encountered, percentage of completion and other appropriate information. Photographs shall be submitted when appropriate to reflect the work accomplished.

13. It shall be the responsibility of the COUNTY to secure all required permits.

14. The COUNTY shall insure that all purchases of goods and services for the accomplishment of the project shall be secured in accordance with the provisions of Chapter 287 of the Florida Statutes, or the COUNTY Procurement Code, as applicable.

15. WCIND and COUNTY mutually agree to the following special terms and conditions incorporated as part of this Agreement: See Exhibit "A", Exhibit "B", and Exhibit "C".

16. This Agreement shall become effective on the date of the signature of the Chairman or Vice-chairman of the Board of Commissioners of the West Coast Inland Navigation District.

IN WITNESS WHEREOF, this Project Agreement has been dated for convenience as the date hereinabove first written, but in fact executed by the respective parties on the dates shown below.

5. Project Description and Public Benefit

Bayfront Park is an 8.56 acre park (3.53 acres owned by Sarasota County and 5.03 owned by Town of Longboat Key) located at the 4000 block of Gulf of Mexico Drive on Longboat Key. The park is in the initial stages of planning for reconstruction. There is approximately 630 lineal feet of concrete seawall fronting Sarasota Bay. The park is bisected by a shallow mangrove fringed canal in the southern portion of the park. The Town and County propose to create a "living shoreline" educational walkway with bay access for boating and kayak opportunities along portions of this seawall. The project will include parking, pedestrian access, boardwalks and a bridge/walkway over the canal along the mangrove fringe. Parking and kayak access ramp, kayak launch and storage, fishing piers, restrooms and picnic areas along the bay front would be incorporated in the design. Handicap access for kayaks will also be included. Educational and interpretive signage for bay and boating access and safety will be provided as well as improvements to tidal flushing characteristics of the canal while preserving and enhancing the existing coastal hammock vegetation.

To quote from the WCIND Mission this project meets the following criteria:
"To preserve and enhance the commercial, recreational, and ecological values of District waterways." It furthers its mission by assisting in planning and implementing waterway projects that "promote safe navigation and the enjoyment of water-based activities such as boating, fishing, and beach recreation."

This park will serve all residents of Longboat Key. The park is very popular with visitors as well. The purpose of Bayfront Park is to create a pleasing and inviting recreational connection to Sarasota Bay and provide direct access to the Bay through convenient facilities located at the water's edge. This park is one of the few public bay access areas on Longboat Key and these boating and kayak amenities are currently not available at any other public park location. The park also will provide educational opportunities on the value of kayaking, focusing on a living shoreline for the public to assist in maintaining safe boating and a healthy bay. It is expected the residents, boaters and visitors who access the park either by land or water will have opportunity to use all park amenities, learn about the importance of mangroves as fish nursery, characteristics of water quality, and protecting the environment through safe and proper use for boating activities and the role they play in protecting our shorelines. The supporting elements of parking, restrooms, and walking paths along the water further enhance the recreational value of this waterfront park.

Elements for Park renovations specific to the grant application are extrapolated from the overall costs per attached Conceptual Budget. Entire project budget is estimated to be \$3,112,968, the grant application request total of \$396,839 represents approximately 12.75% of the project total.

WITNESSETH:

Whereas, the SUBGRANTOR has received a grant from the West Coast Inland Navigation District (WCIND) for the SUBGRANTEE to provide the Project elements, as described in **Exhibit 1**, "WCIND Waterway Development Program Project Agreement" (Project No. S-319) (the "Project") attached hereto and made a part hereof by reference.

Whereas, the SUBGRANTEE has provided the SUBGRANTOR with an itemized list of the funding sources and of the goods and services to be rendered for the Project, as described in **Exhibit 2**, attached hereto and made a part hereof by reference.

Now, therefore, the SUBGRANTOR and the SUBGRANTEE, in consideration of the mutual covenants herein, do agree as follows:

- I. The SUBGRANTEE agrees to complete all Project elements as described in Exhibit 1.
- II. The SUBGRANTOR shall reimburse SUBGRANTEE a sum not to exceed **\$11,738.00** for the expenditures incurred in the purchase of goods and services set out in Exhibit 2. The sum is equal to the amount of grant funding that WCIND has obligated to the SUBGRANTOR for the SUBGRANTEE's Project, pursuant to that certain WCIND Project Agreement dated September 16, 2016.
 - a. The SUBGRANTEE shall submit to the SUBGRANTOR requests for reimbursement for the work completed on the Project. The SUBGRANTEE shall pay for the expenditures directly, and shall submit proof of said payment along with an invoice.
 - b. The SUBGRANTEE shall be reimbursed by the SUBGRANTOR through payment issued by the Clerk of Circuit Court after receipt and written approval by the SUBGRANTOR's Administrative Agent of the SUBGRANTEE's request for reimbursement.

c. No funds shall be advanced by the SUBGRANTOR to or on behalf of the SUBGRANTEE. The funds paid by SUBGRANTOR to SUBGRANTEE shall under no circumstances exceed the funds paid by WCIND to SUBGRANTOR for the Project.

III. The SUBGRANTEE agrees to accomplish the work on this Project between October 1, 2016 and September 30, 2017.

Commencing October 1, 2016, the SUBGRANTEE shall provide SUBGRANTOR'S Administrative Agent quarterly written reports concerning the status of the Project. Any refusal of the SUBGRANTEE to timely file the quarterly written reports may cause unilateral cancellation of this Agreement by SUBGRANTOR.

If SUBGRANTEE needs an extension for filing its request for reimbursement, SUBGRANTEE must submit an extension request no later than August 14, 2017. Extension requests received after this date will not be considered and any remaining Grant funds will be forfeited. If the extension request is approved, SUBGRANTEE shall have 15 business days from the approval date to submit its reimbursement request or forfeit any remaining Grant funds. This Section shall survive the termination of this Agreement.

IV. INSURANCE AND INDEMNIFICATION

SUBGRANTEE agrees to maintain liability insurance coverage until completion of the Project and receipt of eligible Grant funds pursuant to this Agreement and to indemnify and save harmless the SUBGRANTOR, its agents, officials and employees against all injuries, deaths, losses, damage claim suits, liabilities, judgments, costs, attorney fees and expenses which may accrue against the SUBGRANTOR as a consequence of the intentional or negligent acts of the SUBGRANTEE's employees, agents or licensees. Provided, however, nothing contained in this paragraph shall constitute a waiver of sovereign immunity or of the limitations on liability provided to SUBGRANTEE under the Florida Constitution or general law. Further, the parties acknowledge that the SUBGRANTEE is self-insured. The terms of this Section shall survive the termination of this Grant Agreement.

V. RESPONSIBILITIES OF THE SUBGRANTEE

- a. The SUBGRANTEE shall use the grant funds solely for the Project as outlined in Exhibit 1.
- b. The SUBGRANTEE is responsible for the professional quality, timely completion, and the coordination of all services furnished by the SUBGRANTEE under this Agreement.
- c. Neither the SUBGRANTOR's review, approval or acceptance of, nor payment for the goods and services required under this Agreement shall be construed to operate as a waiver of any rights under this Agreement.
- d. The rights and remedies of the SUBGRANTOR provided for under this Agreement are in addition to any other rights and remedies provided by law.
- e. The SUBGRANTEE warrants that no person or selling agency has been employed or retained to solicit or secure this Agreement upon an agreement or understanding for a commission, percentage, brokerage, or contingent fee, excepting bona fide employees or bona fide established commercial or selling agencies maintained by SUBGRANTEE for the purpose of securing business which have been disclosed to the SUBGRANTOR in writing. For breach or violation of this warrant, the SUBGRANTOR shall have the right to annul this Agreement without liability or in its discretion, recover the full amount of such commission, percentage, brokerage, or contingent fee.
- f. The SUBGRANTEE shall comply with all Federal, State, and local laws, regulations and ordinances applicable to the work or payment for work thereof and hereby certifies that it is an equal opportunity employer and will not discriminate directly or indirectly against existing employees or applicants in employment practices on the basis of race, color, sex, age, religion, or national origin.
- g. The SUBGRANTEE shall maintain books, records, documents, and other evidence directly pertaining to or connected with the goods and services under this Agreement which shall be available and accessible at the SUBGRANTEE's offices for the purpose of inspection, audit, and copying during the normal business hours by WCIND and/or the SUBGRANTOR,

or any of its authorized representatives. Such records shall be retained for a minimum of three (3) years after the fiscal year in which this Agreement has been completed. The SUBGRANTEE shall also allow inspection of the Project by WCIND and the SUBGRANTOR at any time during normal business hours with **24 hours notice**. Any refusal of the SUBGRANTEE of this right of access for inspection and/or audit by WCIND and/or SUBGRANTOR can cause unilateral cancellation of this Agreement.

- h. If it becomes necessary for WCIND and/or SUBGRANTOR to demand a refund of any of the grant funds tendered pursuant to this Agreement, the SUBGRANTEE agrees to return said funds within sixty (60) days from the date of receipt of the Notice to Return Funds. This return of funds shall also include interest based on a rate from the State of Florida Administration Pool for the period from the date of receipt through date of return.

VI. In the event of any material breach of this Agreement or default on the part of the SUBGRANTEE, if not promptly and fully cured within thirty (30) calendar days after notice from the SUBGRANTOR, the SUBGRANTOR at its option, shall receive a refund from SUBGRANTEE of all grant funds advanced prior to such material breach or default.

VII. OBLIGATIONS OF SUBGRANTOR

- a. The SUBGRANTOR's Administrative Agent is designated to serve as Project coordinator and to do all things necessary to properly administer the terms and conditions of this Agreement. The responsibility of the SUBGRANTOR's Administrative Agent shall include:
 - (1) Examination of all goods and services provided by the SUBGRANTEE, and timely provide written decisions, if any, pertaining thereto so as not to delay the work of the SUBGRANTEE.

1. This Agreement shall be performed in accordance with Chapter 374.976, Florida Statutes, and Rule 66A-2, Florida Administrative Code, WCIND Waterway Development Program rules and regulations, adopted by WCIND on November 11, 1990.

2. The COUNTY agrees to implement the waterway development project known as Town of Longboat Key -- Marine Fire Rescue Equipment (FY16/17), WCIND Project No. S-319, in accordance with the following project elements:

To upgrade/overhaul the marine Fire Department vessel, providing for essential safety equipment including portable communications devices, forcible entry tools, binoculars and EMS equipment.

3. The COUNTY agrees to begin the project within six (6) months after the approval date of this Agreement and shall complete the project on or before 365 days after the approval date. If the project is not completed within this time, WCIND shall withhold further payment and deny any further request for project approvals until the project has been completed.

4. WCIND agrees to obligate and make available to the COUNTY the approved project amount of \$11,738.00 to be used for the project authorized by this Agreement. The funds will be released by WCIND either in installments or after completion of the project. WCIND and COUNTY understand and agree that there will be no reimbursement of funds by WCIND for any expenditure made prior to the execution of the Agreement.

5. Eligible and ineligible costs are established in Rule 66A-2.005, F.A.C., WCIND Waterway Development Program, adopted by WCIND on November 11, 1990.

6. The COUNTY shall retain all records supporting project costs for three (3) years after the end of the fiscal year in which the final program payment was released by WCIND, or until final resolution of any litigation, claim, or audit that started prior to the expiration of the three-year record retention period.

7. WCIND reserves the right to inspect the project as well as the right to audit any and all financial records pertaining to the project at any reasonable time. This Agreement can be unilaterally canceled by WCIND should the COUNTY refuse to allow public access to all documents, papers, letters or other material made or received in conjunction with the Agreement pursuant to the provisions of Chapter 119, Florida Statutes.

8. If it becomes necessary for WCIND to demand a refund of any or all funds tendered pursuant to this Agreement, the COUNTY agrees to return said funds to WCIND within sixty (60) days, with interest from date of receipt through date of return of the funds at the same rate which would have been paid during said period for the funds if they have been invested in the State of Florida Administration Pool. If not returned within sixty days, the COUNTY understands and agrees that any further COUNTY requests for funding as to this or any other project under WCIND administration shall be denied until the funds have been returned.

9. Following receipt of an audit report identifying any reimbursement due WCIND, the COUNTY will be allowed a maximum of sixty (60) days to submit additional documentation to offset the amount identified, or to return the amount due.

10. In the event the COUNTY elects to implement a user fee system for any public facilities funded in whole or in part by WCIND funds under the WCIND Waterway Development program, the COUNTY agrees to impose such fees uniformly among the users regardless of race, sex, age, religion or the political jurisdiction in which the user may reside.

11. Each party hereto agrees that it shall be solely responsible for the wrongful acts of its employees, contractors, and agents. However, nothing contained herein shall constitute a waiver by either party of its sovereign immunity and the limitations set forth in Section 768.28, Florida Statutes.

12. Justin McBride, WCIND Executive Director or his successor, is hereby designated as WCIND's Project Manager for the purpose of this Agreement and shall be responsible for insuring performance of its terms and conditions and shall approve all reimbursement requests prior to payment. The COUNTY shall appoint a Liaison Agent, whose name and title shall be submitted to WCIND upon execution of the agreement, to act on behalf of the COUNTY relative to the provisions of the Agreement. The COUNTY Liaison Agent shall submit signed project status reports to WCIND on a quarterly basis (due on December 31, March 31, June 30, and September 30) summarizing the work accomplished, problems encountered, percentage of completion and other appropriate information. Photographs shall be submitted when appropriate to reflect the work accomplished.

13. It shall be the responsibility of the COUNTY to secure all required permits.

14. The COUNTY shall insure that all purchases of goods and services for the accomplishment of the project shall be secured in accordance with the provisions of Chapter 287 of the Florida Statutes, or the COUNTY Procurement Code, as applicable.

15. WCIND and COUNTY mutually agree to the following special terms and conditions incorporated as part of this Agreement: See Exhibit "A", Exhibit "B", and Exhibit "C".

16. This Agreement shall become effective on the date of the signature of the Chairman or Vice-chairman of the Board of Commissioners of the West Coast Inland Navigation District.

Subject: Longboat Key Fire Rescue-Emergency Response Boat 2016-17
WCIND Grant Request

Dear Mr. Wreford:

We would appreciate your assistance and support in forwarding this letter and application requesting funds for replacement equipment for Longboat Key Fire Department's Marine Unit.

Longboat Key is a barrier island community. The Town lies within two counties. The northern portion of Longboat Key is in Manatee County and the southern portion is in Sarasota County. The island is connected to both counties by two drawbridges. The island is surrounded by the Gulf of Mexico on the west and Sarasota Bay on the east. Longboat Key is a total of 17.1 square miles, 4.8 square miles of land and 12.1 square miles of water. Longboat Key is a beach paradise attracting thousands of tourists every year. It is seasonal in that during the winter to spring time, the population of the island increases nearly three times. Many of these visitors/residents spend their time in and on the waters of the island.

The Longboat Key Fire Rescue boat responds to medical and fire calls as well as reports of overturned vessels in the waterways and reports of toxic or hazardous waste spills for the Town of Longboat Key and parts of Sarasota County. The Firefighter Paramedics provide 24-hour response to calls for assistance as well as maintaining an on-duty staff during special events.

Longboat Key Fire Rescue Department Marine Operations is the only marine vessel that operates 24/7/365 days a year on Longboat Key and has the greatest offshore capability of any fire-rescue marine unit in the region. In addition, the boat is equipped as an advanced life support (ALS) unit providing the same level of emergency care to boaters that an ALS ambulance unit can provide on land. This staffed marine unit assists Longboat Key law enforcement after hours, providing support to their enforcement operation. Longboat Key Fire Rescue provides automatic aid to both Manatee and Sarasota Counties that includes all fire and rescue operations. Jewfish Key, an island located within Longboat Key's jurisdiction, has 7 residences that are only accessible by boat. The Fire-Rescue marine unit provides the only fire-rescue and emergency care apparatus available to residents of that island.

Longboat Key Fire Rescue operates on the water for the Offshore Grand Prix, Longboat Key Kayak Races, July 4th fireworks, Sarasota Christmas Parade of Boats, Longboat Key/Sarasota Tri-Athlon, and others, providing immediate emergency services. Longboat Key Fire Rescue both patrols, provides assistance to boaters, and responds to emergency requests from boats and other governmental agencies such as the U. S. Coast Guard, Florida Fish & Wildlife Commission, Manatee County, and Sarasota County. In addition, they are available to assist those agencies during special events to increase boater safety and awareness.

The core mission of WCIND is "To preserve and enhance the commercial, recreational, and ecological values of the District waterways and to promote safe navigation and the enjoyment of water-based activities such as boating, fishing, and beach recreation." Similarly, Longboat Key Fire Rescue's mission is "To protect life and property and the environment by providing exceptional emergency services through training, education and customer service." The two mission statements complement each other by ensuring citizens and visitors are safe on the water and beaches. The Longboat Key Fire-Rescue Marine Unit is a vital public safety service – protecting and serving our residents, visitors, and marine industry workers on the waterways.

Keeping the mission statement(s) in mind, Longboat Key Fire Rescue is requesting consideration for WCIND funding for Marine (Fire and EMS) Equipment of \$23,476

Equipment

Upgrade/overhaul of vessel to increase functionality; (\$2,223)
800 MHz Motorola Portable Radios; (\$21,253)

Total Fire/Rescue Marine Equipment
FY 2016-2017 Request: \$23,476

Longboat Key General Fund will be providing 50% of the funding for this grant from the 2016-17 fiscal year budget.

The funding of this grant request will allow Longboat Key Fire Rescue to continue our twenty-four hour "readiness to service" capacity to all critical water incidents as well as provide firefighting capabilities (for marinas, homes along the water, on islands, and marine vessels), storm preparedness exercises, and weekly Standard Operating Procedures (SOP) training. As well as provide availability and assistance during special events to increase boater safety and awareness. Unlike other jurisdictions, all members of Marine Operations are

U.S. Coast Guard Licensed Master Captains, certified firefighters and EMT/Paramedics allowing them to function in multiple capacities, depending on the emergency needs.

In short, the funding by this grant will enhance this marine unit's response to all critical incidents, promote safety, and achieve a higher level of public service upon waters of Longboat Key and Sarasota County.

Respectfully submitted,

**Phil D. Dazzi
Fire Chief**

This staffed marine unit assists Longboat Key law enforcement after hours, providing support to their enforcement operation. Longboat Key Fire Rescue provides automatic aid to both Manatee and Sarasota Counties that includes all fire and rescue operations. Jewfish Key, an island located within Longboat Key's jurisdiction, has 7 residences that are only accessible by boat. The Fire-Rescue marine unit provides the only fire-rescue and emergency care apparatus available to residents of that island.

Longboat Key Fire Rescue operates on the water for the Offshore Grand Prix, Longboat Key Kayak Races, July 4th fireworks, Sarasota Christmas Parade of Boats, Longboat Key/Sarasota Tri-Athlon, and others, providing immediate emergency services. Longboat Key Fire Rescue both patrols, provides assistance to boaters, and responds to emergency requests from boats and other governmental agencies such as the U. S. Coast Guard, Florida Fish & Wildlife Commission, Manatee County, and Sarasota County. In addition, they are available to assist those agencies during special events to increase boater safety and awareness

The core mission of WCIND is "To preserve and enhance the commercial, recreational, and ecological values of the District waterways and to promote safe navigation and the enjoyment of water-based activities such as boating, fishing, and beach recreation." Similarly, Longboat Key Fire Rescue's mission is "To protect life and property and the environment by providing exceptional emergency services through training, education and customer service." The two mission statements complement each other by ensuring citizens and visitors are safe on the water and beaches. The Longboat Key Fire-Rescue Marine Unit is a vital public safety service – protecting and serving our residents, visitors, and marine industry workers on the waterways.

Keeping the mission statement(s) in mind, Longboat Key Fire Rescue is requesting consideration for WCIND funding for Marine (Fire and EMS) Equipment of \$24,556

Total Fire/Rescue Marine Equipment
FY 2016-2017 Request: \$24,556

Longboat Key General Fund will be providing 50% of the funding for this grant from the 2016-17 fiscal year budget.

The funding of this grant request will allow Longboat Key Fire Rescue to continue our twenty-four hour "readiness to service" capacity to all critical water incidents as well as provide firefighting capabilities (for marinas, homes along the water, on islands, and marine vessels), storm preparedness exercises, and weekly Standard Operating Procedures (SOP) training. As well as provide availability and assistance during special events to increase boater safety and awareness. Unlike other jurisdictions, all members of Marine Operations are

U.S. Coast Guard Licensed Master Captains, certified firefighters and EMT/Paramedics allowing them to function in multiple capacities, depending on the emergency needs.

In short, the funding by this grant will enhance this marine unit's response to all critical incidents, promote safety, and achieve a higher level of public service upon waters of Longboat Key and Sarasota County.

Respectfully submitted,
