**Report date:** August 31, 2021

**Subject:** Resolution 2021-23, State of Florida Local Government Funding, Request for Beach Management Funding Assistance Program

### **Recommended Action**

Pass Resolution 2021-23

### **Background**

The State of Florida Beach Management Funding Assistance Program has been a recurring source of funding for the Town's beach nourishment projects. Each year the Town Commission passes a beach funding resolution to accompany its Local Government Funding Request application for State grants.

Each funding request requires a resolution from the local agency in support of, and confirming, the Town's ability to fund each project.

Resolution 2021-23 will accompany the Florida Department of Environmental Protection (FDEP) Beach Management Funding Assistance Program FY 2022/2023 Local Government Funding Request Beach Projects Application. Resolution 2021-23 is a general resolution for cost sharing funds for work the Town may undertake in the future relative to design, permitting and construction, of sand placement projects as well as other structures. Typically, the eligible portions of the project costs are reimbursed by the State on a 26.94% basis based on Legislative appropriated funds. This Resolution supports the current Local Government Funding Request Application and is necessary as a part of the submittal to FDEP.

Resolution 2021-23 is placed on the September 13, 2021 Regular Meeting Consent Agenda for Town Commission review and approval.
