

M E M O R A N D U M

TO: Town Commission
FROM: Tom Harmer, Town Manager
REPORT DATE: March 2, 2022
MEETING DATE: March 7, 2022
SUBJECT: COVID-19 Update

Recommended Action

None, informational only.

Background

At each Town Commission Regular Meeting the Town Manager provides a review of the latest information related to COVID-19 on Longboat Key.

The Omicron variant spiked in local active transmissions in February, peaked, and now has declined locally in both positivity and hospitalizations. Staff and the local Department of Health are still communicating regarding trends in positivity, and hospitalizations. Cases are seen in both vaccinated and unvaccinated individuals, with symptoms typically milder than the original virus, and the Delta variant. We encourage everyone to stay vigilant and follow CDC protective measures.

With the recent levels of new infections and current hospital capacity, the Town has relaxed its restrictions to pre-Omicron variant levels. We continue to urge individuals doing business with the Town to utilize our virtual customer service via e-mail, website, and phone for their own safety, and convenience, as well as the safety of Town staff. Each request for use of Town property for events are reviewed on a case-by case basis for appropriate CDC and COVID-19 safety measures. We are closely monitoring the current trends and will adjust our precautions if conditions change.

We continue to monitor COVID-19 case trends, especially as we are now entering the peak of visitors to the island. As you know, the Florida Department of Health Dashboard discontinued tracking active cases by zip code and only receive a weekly CDC summary update each Friday afternoon.

We receive weekly verbal information verbally from Chuck Henry, Sarasota County office of Florida Department of Health regarding local positive cases on the island and the status of vaccination efforts by our residents. I will provide an update regarding the latest trends in COVID transmission, availability of vaccine boosters, and answer questions from the Commission.

Staff Recommendation

None, informational only.
